PHOTO COPY OF DRIVER'S LICENSE MUST ACCOMPANY RELEASE FORM

LEGAL DOCUMENTS THAT WILL BE REQUIRED TO TAKE POSSESSION OF A VEHICLE IN OUR IMPOUND LOT:

1. Photo Identification
 2. Legal Instrument(s) Identifying Ownership
 3. Cash Payment for the total amount due at the time of release/pick-up.
- Notarized Vehicle Release Form (see downloaded link below).

NOTE: A vehicle/vessel stored in our impound lot will only be released to the legal and/or registered owner. The exception to this rule would be when the legal and/or registered owner's actual presence is unlikely due to a limited list of reasons that may or may not be limited to: A. - Hospitalized due to illness or injury B. - Located in another City, State, or Country of considerable traveling distance from the location of our main office. C. - Imprisoned in a Local Jail, State, or Federal Detention Facility

In the event that one of the three above scenarios exist, a "VEHICLE RELEASE FORM" would be required to be completed and notarized by a legally commissioned Notary Public. In the case where the legal and/or registered owner has been judged to be: mentally incompetent; by a signed court order, a copy of such court order accompanied by a valid and/or legal power-of-attorney instrument will be required for presentation at the time of vehicle release. In the case where the legal and/or registered owner is "deceased" then a valid/legal death certificate will be required for presentation at the time of vehicle release, in addition to documents providing proof that the person the vehicle/vessel is being released to is the "executor" of the estate of the legal and/or registered owner of the vehicle being released or any legal and binding document(s) that can establish that the person claiming the vehicle has a legal right to take possession.
